EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Guynn on 5/22/06.

The application has been amended as follows:

In claim 1, line 30, "the tensioning block maintaining sufficient space" has been changed to -- the tensioning block maintaining a sufficient space --.

In claim 11, line 23, "the tensioning block maintaining sufficient space" has been changed to -- the tensioning block maintaining a sufficient space --.

In claim 14, line 1, "claim 11" has been changed to -- claim 13 --. In line 2, -- a pair of -- has been inserted after "mate with".

In claim 30, line 29, "the tensioning block maintaining sufficient space" has been changed to -- the tensioning block maintaining a sufficient space --.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which

Art Unit: 3733

disclose or suggest, a tensioning system used in joint repair surgery involving independent tensioning of multiple tissue graft strands attached to a bone tunnel, including the limitations as set forth in claims 1, 11, 25, and 30.

It is noted that Goble et al (US Pat. 5713897, in IDS) in combination with Newfeld (US Pat 3842824) discloses a ligament tensioning device with breakable pins, but lacks a tensioning block that keeps the two adjustable tensioning apparatus in a spaced-apart relationship and a tensioning calculator. Also, the examiner could not find any other reference that would teach such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Kim whose telephone number is (571) 272-2817. The examiner can normally be reached on M-F 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eduardo Robert can be reached on (571) 272-4719. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
